Tariff Law No. 4 of 1925.

ADVALOREM DUTY.

On all goods not enumerated in the First Schedule to this Law as subject to any other rates of duty, not declared free of duty under the Second Schedule, not enumerated in the Fourth Schedule and not being goods the importation of which is by any act prohibited shall be subject to a duty of 15% Preferential and 20% General Rate.

“3—For the purposes of this Law the expression ‘The British Empire’ means—

The United Kingdom of Great Britain and Northern Ireland, the Dominions, India, the territories administered by His Majesty’s Governments in the Dominions under mandate or otherwise, the British Colonies, the British Protectorates and protected States, and the Mandated Territories of Tanganyika, the Cameroons under British Mandate and Togoland under British Mandate.”

THE THIRD SCHEDULE.

SECTION 4.

4. Anything in the next preceding two sections to the contrary notwithstanding the articles enumerated in the Third Schedule to this Law when imported into the Island for temporary use either by an owner or by an exhibitor but not for sale, provided that the articles enumerated in items 2 and 3 had been in use abroad, shall be admitted on the security of a deposit of thirty per centum of the duties leviable on similar articles if imported for Island use, such deposit to be refunded on the exportation of the articles by the owner or exhibitor within three months of importation. Should the articles not be exported within three months of importation the Collector shall withhold a sum equal to five per centum of the duty payable at time of importation for each month or part of a month during which such articles are kept in the Island beyond the specified period of three months up to the limit of nine months. But if not exported within nine months of the date of importation, the articles shall be deemed to have been finally imported for Island use and shall be entered and the duty thereon paid in the manner prescribed by Sections 48 and 49 of Law 18 of 1877, or by any Law passed in amendment thereof or substitution therefor allowance being made for any deductions already taken and brought to account from the amount deposited.

Articles deemed to have been finally imported for Island use, if not entered and duty paid as aforesaid shall, if sold or kept in the Island beyond nine months, be liable to be seized as “uncustomed” goods under the provisions of Section 156 of Law 18 of 1877 or under any Law passed in amendment thereof or substitution therefor or the person appearing as the importer may be proceeded against under Section 34 of Law 24 of 1885, or under any Law passed in amendment thereof or substitution therefor.

THE FOURTH SCHEDULE.

SECTION 5. (LAW 4 OF 1925.)

4—Section 5 of the principal Law is hereby repealed and the following section substituted therefor:—

“5 The articles enumerated in the fourth schedule to this Law shall pay duty at the rate of five per centum ad valorem : Provided that if they are the growth produce or manufacture of the British Empire such articles shall be admitted free of duty.”

- (i) That each consignment of horses, mules, asses and other solipeds be accompanied by:—
 - (a) A Certificate from the Ministry of Agriculture and Fisheries stating that so far as it has been possible to ascertain, the following diseases, namely: Dourine, Glanders, Farcy, Epizootic, Lymphangitis, Ulcerative Lymphangitis, Mange, Infectious Anemia, Surra, Contagious Pleuro-pneumonia, Cattle Plague, Foot and Mouth Disease, Sheep Pox, Sheep Scab, Anthrax, or other Contagious Disease known to attack Cattle or other Animals, have not existed on the Estate, Farm or the immediate locality where such horses, mules, asses or other solipeds have been kept or quartered, for at least 60 days immediately preceding their embarkation.
 - (b) The Certificate of a Veterinary Surgeon or Officer authorised or approved by the Ministry of Agriculture and Fisheries to issue Certificates of Health of animals intended for exportation to a Foreign Country, stating that each animal of the consignment has within 14 days prior to the date of embarkation, or as near thereto as possible, been subjected to a mallein test (thermal, ophthalmic, or intro-palpebral) for the detection of Glanders or Farcy with negative results (reaction), and further that each such animal is free from infectious and communicable disease, and has not for at least 21 days immediately preceding the day of embarkation been exposed by association or other means to any infection which is communicable to horses, mules, asses or other solipeds.
- (ii)
 - (a) Upon arrival at the Port of Entry in this Island the Consignee or his Agent shall present to the Inspector appointed under the Law the respective Certificates hereinbefore mentioned, and shall submit the animals consigned to him for examination before landing subject to such conditions and in such manner as such Inspector may order or direct.
 - (b) No animal of any description forming part of any Consignment on the same Vessel or Ship shall be removed from such Vessel or Ship or be landed at the Port of Entry without the written permission of the Inspector under the Law first had and obtained and subject to and in accordance with such condition as he may prescribe in and by such Permit or otherwise.
 - (c) No carcase, or portion thereof, of any horse, mule, ass or other soliped, and no fodder, litter, dung, or other excrement of any such animal shall be landed at any place in this Island; and the landing of such carcase, fodder, litter, dung or other excrement respectively, shall be and the same are hereby prohibited. Provided nevertheless that such things as crates, boxes, halters, ropes, chains, grooming utensils, blankets, as also grain, meal and other cereals commonly used as food for animals may be permitted to be landed if and after the same shall have been disinfected or treated in such manner as the Inspector under the Law may order and direct and in strict accordance with the instructions of such Inspector
 - (d) All soiled and broken litter, as well as the dung or other excrement of animals on the vessel or Ship at the time of arrival at the Port of Entry shall be placed in a receptacle approved by the Inspector under the Law, and shall be disinfected or treated in such manner as he may approve or direct, and shall thereafter be dumped into the sea beyond a limit of 3 miles from the shore.
- (iii)
 - (a) After any horse, mule, ass or other soliped shall be landed in conformity with the Law and any Regulations or Order thereunder, and in accordance with the provisions of this Order, such animal shall, upon being landed, be removed by such means in such manner and subject to such conditions as the Inspector under the Law may order or direct, to a stable, shed, enclosure, place or premises, approved by such Inspector, for the purpose of quarantine, and shall there be kept in quarantine and isolated from all other animals for a period of not less than 14 days, exclusive of the day of landing, or for such longer period as such Inspector recommend, and the Governor may from time to time order or direct.
 - (b) Notwithstanding the period of quarantine limited by the immediately preceding sub-clause, no horse, mule, ass or other soliped so quarantined as aforesaid shall be removed from the stable, shed, enclosure, place or premises used for quarantine, isolation and detention as aforesaid, without the written permission of the Inspector under the Law first had and obtained and subject to such conditions as may be set forth in such Permit. The release from quarantine of any horse, mule, ass or other

soliped shall be subject to and be dependent upon the result of re-inspection of any such animal, and of any diagnostic examinations or tests which such Inspector may deem necessary to employ for the detection of disease.

- (iv) If it shall appear to the Inspector under the Law that any horse, mule, ass or other soliped, while in quarantine, is diseased, he may in his discretion cause such animal forthwith to be slaughtered or otherwise destroyed; and such Inspector shall keep in quarantine for at least 14 days from the discovery of disease, or for such longer period as the Governor may from time to time determine, any animal which has been in the same enclosure, shed, stable, place or premises with such diseased animal. If on the recommendation of such Inspector it be deemed expedient by the Governor, or if the disease aforesaid is of such a nature as to be dangerous to the health of the live stock of the Island, the Inspector, with the written approval of the Governor, shall cause any or all of the animals and their associates or contacts in the same enclosure, shed, stable, place or premises, as such diseased animal, to be slaughtered or otherwise destroyed.

4. Notwithstanding anything hereinbefore contained, the Regulations and provisions of sub-clause (iii) of Clause 3 of this Order with regard to the quarantining of horses, mules, asses and other solipeds permitted to be landed in this Island, shall not apply to any horse, mule, ass or other soliped imported or brought directly from the United Kingdom of Great Britain or Ireland as to which the Importer or Consignee, or the Agent of such Importer or Consignee, shall declare in writing that such animal is, and the Inspector shall believe to be, imported only for Circus, Show, or like exhibition purposes (but not including Racing purposes); and provided that such animal shall, after examination and inspection by the Inspector under the Law be found to be free of disease, and the Importer or Consignee, or the Agent of the Importer or Consignee shall have furnished the several Certificates required by sub-clause (i) of Clause 3 of this Order and fully complied with the Orders, directions and instructions of the Inspector under the Law as required by sub-clause (ii) of Clause 3 of this Order.

DRAWBACKS.

Section two of the Tariff Law Amendment Law, 1923, Law 23 of 1923 (which substitutes a new section for section sixteen of the Principal Law) is hereby repealed and the following section is substituted for section sixteen of the Principal Law:—

“16. If any goods, wares and merchandise upon which any duty shall have been paid under this Law, are duly exported within two years of their first importation there shall be a drawback in respect of such goods of an amount equal to the preferential duty mentioned in the column headed ‘preferential Tariff’ of the first Schedule to this Law: provided that where any duty has been paid on goods exported as ships stores or on any of the articles enumerated in the Fourth Schedule to this Law there shall be a drawback equal to the amount of duty paid if the article is exported within two years of its importation; provided further that such goods are exported in the original, whole and unbroken packages in which the same were imported, and that no drawback of duty shall be allowed unless the amount of drawback on any one transaction is not less than four shillings.”

3. Goods, wares and merchandise upon which any duty under Law 2 of 1922 shall have been paid, on its being proved to the satisfaction of the proper Officer of Customs that a mistake has been made and that such goods are not the goods ordered by the Importer and that such goods have been returned to the Exporter, if duly exported within three months of their first importation, shall receive a drawback of the full duties paid on importation.

17. The duty paid on provisions and stores supplied by local merchants or contractors to His Majesty's Navy or Military Authorities in this Island for the use of His Majesty's Navy or Army, or to Naval Officers, or Naval Messes or to other branches of the Public Service and to Public Institutions, shall be refunded under such conditions and regulations as may from time to time be prescribed by the Governor in Privy Council.

Provided that such drawback or refund shall be limited to such articles as would have been entitled to be admitted free of duty, had they been in the first instance consigned to the purchaser.

18. There shall be paid a drawback equal to the duty paid on their importation on shipbuilding materials, or accessories of any kind for shipbuilding which shall have been imported into this Island and used in the construction or repairs of foreign-going vessels of any kind, on presentation to the Chief Officers of Customs at the port of importation of a certificate to the effect that such materials and accessories have been used as aforesaid under the hand of the builder or repairer of such vessel or boat, who used the same together with a declaration from such builder or repairer that he believes such ship-building materials and accessories to have been imported into the Island.

Paints and oils used in painting any foreign-going ship while temporarily in port shall be included in the term accessory.

19. Drawback of duties shall not be payable on goods which have become unmerchantable subsequent to importation or which have been in actual and bona fide use.

20. Where imported materials on which duty has been paid are used in the manufacture or putting up of articles manufactured or produced in this Island there shall be allowed on the exportation of such articles a drawback equal in amount to the duty paid on such materials so used: Provided, that when the articles exported are made in part from domestic materials, the imported materials or the parts of the articles made from such materials shall so appear in the completed articles, that the quantity or measure thereof may be ascertained.

Provided also that where the actual quantity or measure cannot be ascertained by ordinary method it shall be lawful for the Governor in Privy Council by regulation made under Section 16 of this Law to approve an approximate scale of drawback.

21. On the exportation of bread or biscuit manufactured in this Island of imported flour, there shall be paid a drawback equal to the duty mentioned in the column headed “Preferential Tariff” of the First Schedule, on the flour used in making the same, but not to exceed the duty payable on a like quantity of bread or biscuit imported.

22. The several drawbacks under this Law shall be subject to the regulations and provisions of the several Acts or Laws for the time being in force with reference to such drawbacks.

23. In construing the language employed in Schedule 2 of this Law to describe articles intended to be free of duty the articles named as free must be considered in their primary character in relation to the use under which exemption is given. When the character of such articles has been added to, modified or changed by embellishment or combination with some other article whose primary character is other than that described against the article on the free list the consideration as to whether the composite article is liable to duty shall be the relative value of the component parts considered under the two schedules of the tariff, viz.:—the schedule imposing duty and the schedule granting exemption. If the value of the dutiable portion exceeds the value of the portion coming under a description on the free list then duty shall be charged on the composite article; but if the value of the portion formed by any items appearing on the free list exceeds the value of the portion not exempted then the article considered in its complete character shall be exempt from duty.

No. 593.—The Acting Governor in Privy Council on the 31st July, 1928, under Section 4 of Law 4 of 1869, made the following Rules for regulating the procedure where drawback is claimed upon exportation of merchandise or shipments of stores or where stores are shipped ex-warehouse.

Rules made by the Governor in Privy Council under Section 4 of Law 4 of 1869, for regulating the procedure where drawback is claimed upon exportation of merchandise or shipment of stores, or where stores are shipped ex-warehouse.

Save as hereinafter laid down in the case of goods exported through the post, before drawback may be allowed on any goods exported such goods shall be entered in triplicate in accordance with form A contained in the Appendix to these Rules.

2. Full details of any goods to be presented for shipment on drawback must be given on the export entry, which shall be supported, in the case of goods subject to advalorem duties, by the invoice that accompanied such goods on their importation, and by such other documents substantiating the accuracy of the particulars entered as the proper Officer of Customs shall require; provided that if the exporter shall present an extract from or copy of the said invoice, giving all details relating to the package or packages to be exported contained in such invoice, then such extract or copy, on being compared with the original invoice, shall be certified as a true extract or copy by the Officer to whom the export entry is presented, and the invoice may thereupon be returned to the exporter; provided further that in cases where the Chief Officer of Customs at any port shall be satisfied that it is impracticable to produce the said invoices, extracts or copies prior to shipment of any goods for drawback and if he shall be satisfied that an account may be taken of such goods sufficient for purposes of revenue protection, he may at his discretion, and subject to such conditions as he shall deem necessary, permit entry for drawback without production thereof; but in every such case the invoices, extracts or copies certified as aforesaid shall be lodged with the said Chief Officer of Customs within three days of the shipment of such goods.

3. Before any goods shall be examined for drawback, the original and duplicate copies of the export entry shall be produced to the Examining Officer together (in the case of goods chargeable with duty advalorem) with the invoice, or certified copy thereof or extract therefrom, and other supporting documents as aforesaid.

4. All goods presented for exportation on drawback shall be shipped in the original whole and unbroken packages in which they were imported, containing the full original distinguishing marks and numbers as shown on the invoice or import entry, and without any additional wrapper or covering of any description. Provided that where under any special provision of the Law for the time being in force, the goods exported are goods returned to the supplier as not being the goods ordered to be imported, the requirement as to whole and unbroken packages may be dispensed with, if the Collector of Customs shall be satisfied that the identity of the goods exported with the goods imported can be established.

5. No goods may be shipped for drawback save from a wharf approved as a landing place having a *Special Store* attached thereto, provided that in any particular case where the Chief Officer of Customs at any port shall be satisfied that a hardship would be caused by the strict observance of this Rule, and if arrangements may conveniently be made for the due examination and *immediate shipment* of such goods from some other wharf, he may sanction the shipment thereof on drawback subject to such additional conditions as he may deem necessary.

6. All goods entered for drawback shall be examined by the proper Officer of Customs at the wharf whence such goods are intended to be shipped, and if, on account of the non-arrival of the exporting vessel, such goods may not immediately be shipped, they shall be removed forthwith to a *Special Store* at the same wharf and there kept under official custody until the time of shipment; and the officer who conducts the examination shall retain the invoice or certified extract or copy and other documents, and forward them to the shipping officer, attached to the original and duplicate copies of the export entry.

7. The Collector of Customs at the port of Kingston shall issue instructions, subject to the approval of the Collector General, for regulating the extent of the examination of any particular goods or class of goods entered for exportation on drawback at any port; provided that such instructions shall not prevent the said Collector, or the Chief Officer of Customs of any port from requiring in any particular case an examination greater in extent than that laid down in such instructions.

8. Immediately upon the examination of any goods entered for drawback and required by these rules to be taken to a *Special Store*, such goods shall be plainly marked in such manner and colour as the Collector of Customs of the port of Kingston shall direct; and where any goods so marked are short shipped, the marks shall be obliterated before the goods are removed from the *Special Store*; and any person who shall remove any package contrary hereto shall incur a penalty of fifty pounds.

9. Upon the examination of any goods entered for drawback, the Examining Officer shall complete the certificate required on the back of both the original and duplicate copies of the export entry, and where he shall have marked any package in accordance with the preceding Rule, he shall state the number and nature of such marks for the information of the officer shipping the goods.

10. At every approved landing place whence goods are at any time to be shipped for drawback, there shall be kept a register of examinations of drawback goods in such form as the Collector General shall require, and where any goods are examined for drawbacks, a full record of the nature and extent of the examination shall be made therein at the time of examination, or within two hours thereof if it is only practicable to take rough notes of the examination at the time when it shall be made.

11. All goods which shall have been examined for drawback shall, upon shipment thereof, be certified as shipped by the proper Officer of Customs in the space provided on the original and duplicate copies of the form of entry; and such certificate shall be supported by the receipt of the Master or Mate of such vessel, and shall state in words the number and kind of packages.

12. No drawback shall be allowed on any goods shipped as stores save upon application in triplicate made according to Form B contained in the Appendix to these Rules, containing the several particulars required thereby, signed by the Master of such vessel, and showing the full quantity of duty free stores required, whether to be shipped ex-warehouse or on drawback; provided that in the case of a vessel making less than 12 hours stay in port, such application may be signed by the Agent or person duly authorised by the Agent to sign on his behalf, pending the counter-signature of the Master on arrival of the vessel.

13. No greater quantity of goods may be shipped as stores upon any vessel than the Collector or proper Officer of Customs shall deem necessary for the use of such ship, having regard to the number of the crew and passengers on board, and the probable duration of the voyage on which she is about to depart.

14. All goods exported as ships' stores upon which drawback may be required shall be entered in like manner and shall be subject to the same conditions as regards production of invoices and other documents, examination, marking and certification of examination and shipment as goods exported as cargo; provided that the receipt on board of such stores shall be certified by the Purser or other officer responsible for the receipt of stores, and countersigned by the Master.

15. All goods shipped ex-warehouse as ships' stores shall be dealt with in a manner similar to stores shipped on drawback, save that the production of invoices may be dispensed with unless demanded in any particular case by the proper Officer of Customs, and provided further that entry shall be made in duplicate in the Form C in the Appendix to these Rules.

16. Samples of all goods shipped for drawback, whether as merchandise or stores, shall be drawn by the Examining Officer prior to shipment to the extent laid down in any instructions issued by the Collector of Customs, Kingston, with the approval of the Collector General from time to time.

17. Where, owing to the nature of the packing of any goods entered for drawback, it is impracticable or undesirable for them to be examined at the wharf whence they are to be exported, the Chief Officer of Customs at any port may sanction their examination, upon the receipt of a written request to do so, at the premises of the exporter, if he shall be satisfied that such request is reasonable, subject to payment of a fee of 5/- for every hour or part of any hour which the Examining Officer occupies in examining the goods and in proceeding to and from the place of examination, and the payment of the Examining Officer's and for Guard's out-of-pocket expenses. Provided that every such package immediately upon examination thereof shall at the expense of the exporter be wired and sealed, so that none of its contents may be abstracted. Provided also that such package shall be placed in charge of a Customs Guard from the time of examination until such time as it is delivered into the custody of the proper Officer of Customs at the wharf whence it is to be shipped. Nothing in this Rule shall be held to prevent the proper Officer of Customs, should he deem such a course necessary, from further examining such goods at any time prior to their shipment.

18. A record of examination under Rule 17, and of any subsequent examination shall be made as soon as is practicable in the register mentioned in Rule 10, and the certificate of original examination as well as the certificate of any subsequent examination that may be made at the wharf, shall be given on the original and duplicate copies of the export entry.

19. The duplicate copy of each export entry after being compared in the Collector General's Office with the original and certified as correct in all respects, shall be the voucher for the refund of duties claimed as drawback.

20. Goods which have been imported by Parcels Post may be re-exported on drawback by Parcels Post in accordance with these Rules modified as follows:—

- (a) Submission of goods intended to be exported to a Collector or Sub-Collector of Customs or a Collector or Assistant Collector of Taxes (or in Kingston the Parcels Post Clerk), for examination shall be considered the equivalent of entry.
 - (b) Certificates of examination shall be made by such officer, and recorded in a book at his office kept according to Rule 17.
 - (c) If the original Parcels Post Declarant is produced, it may be accepted in lieu of the original invoice.
 - (d) The receipt of the Post Office shall be accepted as equivalent to a certificate of shipment.
 - (e) The exporter shall notify his intention to export any goods on drawback by Parcels Post in the Form D contained in the Appendix to these Rules, and such form shall also serve as the voucher for the refund of the duties paid on importation.
21. The Rules made by the Governor in Privy Council on 14th May, 1912, are hereby repealed.
22. These Rules shall come into force on the first day of September, 1928.

Made by the Governor in Privy Council this 31st day of July, 1928.

No. 3—1934.

{L.S.]

A. S. JELF,
Acting Governor.
7th June, 1934.

A LAW to Regulate the Importation of Textiles.

[7th June, 1934.]

BE it enacted by the Governor and Legislative Council of Jamaica as follows:—

1—This Law may be cited as the Importation of Textiles (Quotas) Law 1934.

2—In this Law unless the context otherwise requires—

“quota” means the quantity of textile goods or any class or classes of textile goods manufactured in any individual foreign country which may be imported during any period in accordance with a proclamation made by the Governor under section three of this Law;

“quota period” means any period in respect of which any quota has been fixed by the Governor under the said section;

“foreign country” means any country or territory not being a part of the British Empire as defined by section three of the Tariff Law Further Amendment Law, 1932 (Law 14 of 1932) as amended by section four of the Tariff Further Amendment Law, 1933 (Law 23 of 1933);

“regulated textiles” mean any textile goods, and any class or classes of textile goods manufactured in a foreign country, in respect of which any quota has been fixed by the Governor under section three of this Law;

“prescribed” means prescribed by Regulations under this Law.

3—(1) The Governor may fix by proclamation published in the Gazette the total quantity of textile goods or of any class or classes of textile goods manufactured in any foreign country which may be imported during any period.

(2) The quota period specified in any proclamation made in accordance with sub-section one of this section may commence prior to the coming into operation of this Law; and any imports of regulated textiles between the commencement of the period and the coming into operation of this Law may be taken into account for the purposes of section eight of this Law: Provided that no importation made prior to the coming into operation of this Law shall constitute an offence under section ten of this Law.

4—(1) No person shall import any regulated textiles otherwise than in accordance with a direction given under the proviso to Section 9 of this Law, except under licence issued by the Collector General.

(2) Every licence issued under this Section shall state the quantity, class, and country of manufacture of textile goods which may be imported under it and the period during which the licence is valid.

(3) Applications for licences to import any regulated textiles shall be made to the Collector General at such time as he may specify in a notice published in the Gazette and shall state full particulars of the quantity, class, and country of manufacture of the goods proposed to be imported under it.

(4) The period during which any import licence is valid shall fall wholly within a single quota period.

(5) The total quantity of imports of any regulated textiles, manufactured in any country, during any quota period which may be authorized by import licences issued under this Section shall not exceed the quota for that country fixed for that quota period.

(6) On the importation of any regulated textiles, the appropriate import licence shall be endorsed in the prescribed manner, and when the total quantity of goods the importation of which is thereby authorized has been imported, the licence shall be surrendered to the Collector General and cancelled.

(7) On the issue of an import licence a fee to be prescribed shall be paid by the person to whom the licence is issued.

5—(1) If it appears to the Collector General that, in respect of any particular foreign country and any quota period, the quantity of any regulated textiles in respect of which import licences are likely to be applied for will exceed the appropriate quota for that country and quota period, he may cause a notice to be published in the Gazette to the effect that the issue of import licences for the import of such goods will be restricted.

(2) Any notice issued under sub-section (1) of this Section shall specify the regulated textiles, the quota period and the foreign country to which it relates and shall further specify a period within which applications for import licences for such imports may be submitted.

(3) On the expiry of the period within which applications may be submitted, the Collector General shall consider all the applications received and, if the total quantity of goods covered by such application does not exceed the appropriate quota, he may issue import licences in accordance with all applications. If the total quantity of goods covered by the applications exceeds the appropriate quota the Collector General shall in his discretion, subject to the approval of the Governor, issue licences (hereinafter called “restricted import licences”) to the several applicants for quantities proportionate to the volume of their previous importations or to the quantities specified in their application or on any other basis.

(4) A restricted import licence issued at the time of the initial issue of such licences of the same class shall be valid until a date not less than three months before the end of the quota period to which it relates and shall lapse if and so far as it is not used by that date.

6—An import licence or a restricted import licence may, with the consent of the Collector General, be transferred from the person to whom it was issued to any other person designated by him.

7—No person shall import any regulated textiles unless he shall, at the time of importation submit to the Collector General in the prescribed form a return of quantity, class, and origin of the goods imported and a declaration of origin: Provided that during a period of four months after the coming into operation of this Law, imports of regulated textiles may, at the discretion of the Collector General, and subject to such conditions as he may impose either generally or in any particular case as to the subsequent submission of evidence of origin, be admitted without the submission of such a declaration of origin.

8—(1) The imports of regulated textiles manufactured in any foreign country shall be separately recorded by the Collector General.

(2)—Any person may at any time on payment of the prescribed fee, require the Collector General to furnish a statement of the total quantity already imported of any regulated textiles manufactured in any individual foreign country during any quota period and the Collector General shall furnish such statement accordingly.

(3) When the imports of any regulated textiles manufactured in any foreign country during any quota period attain the quota prescribed in respect of such textiles for such country in that period, the Governor shall issue a notice to that effect in the Gazette; and such notice shall specify the foreign country, the regulated textiles and the quota period to which it refers.

9—Upon the issue of a notice under sub-section three of the preceding section further imports of the regulated textiles concerned manufactured in the country specified therein shall be prohibited until the end of the quota period: Provided that notwithstanding anything in this Law the Governor may if he thinks fit, in any proclamation issued under this Law, direct that regulated textiles in excess of the several quotas therein fixed may be imported on payment of such duties in addition to those prescribed by the Tariff Laws 1925 to 1933 or any other Law, as may be specified in the proclamation, and accordingly this Law shall have effect subject to such direction.

10—Any person who shall import any regulated textiles contrary to the provisions of section seven or section nine of this Law or shall fail to comply with any conditions imposed by the Collector General under the proviso to the said section seven shall be guilty of an offence and shall be liable on summary conviction before a Resident Magistrate to a penalty not exceeding £500 and any regulated textiles imported contrary to the said provisions may be seized as though they were prohibited goods within the meaning of section 37 of the Customs Consolidation Law, 1877 and shall be forfeited and may be disposed of as the Governor may decide.

11—The Governor may make regulations for giving effect to the provisions of this Law.

12—This Law shall come into operation on the day the Governor shall assent thereto.

THE IMPORTATION OF TEXTILES (QUOTAS) LAW 1934.

(LAW 3 OF 1934).

EDWARD DENHAM.

By His Excellency Sir EDWARD DENHAM, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George, Knight Commander of the Most Excellent Order of the British Empire, Captain-General and Governor-in-Chief in and over the Island of Jamaica and Its Dependencies.

A PROCLAMATION.

Whereas by Section three of the Importation of Textiles (Quotas) Law 1934, it is enacted that the Governor may by proclamation published in the Gazette fix the total quantity (hereinafter referred to as the quota) of any class or classes of textile goods (hereinafter referred to as "regulated textiles") manufactured in any foreign country which may be imported during any period (hereinafter referred to as the "quota period"):

And Whereas it is expedient to fix the total quantity of regulated textiles which may be imported in the quota period fixed herein on the basis of importations of such textiles during the years 1927 to 1931 inclusive of both years;

Now, therefore, I, Sir EDWARD DENHAM, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George, Knight Commander of the British Empire, Captain-General and Governor-in-Chief in and over the Island of Jamaica and its Dependencies, in exercise of the powers vested in the Governor by the said Section of the said Law do hereby order and proclaim as follows:—

1. That the *quota period* during which regulated textiles may be imported from the several foreign countries hereunder specified shall be *the period from the 1st day of January, 1936 to the 31st day of December, 1936, both days inclusive.*

2. That the quota of regulated textiles manufactured in the said several foreign countries which may be imported during the quota period hereby fixed shall not exceed the following quantities:—

(a) United States of America—13,011,426 yards.

(b) All other foreign countries each—599,946 yards.

3. That for the purposes of this Proclamation—

(a) "Regulated Textiles" mean *piece goods* of woven fabric containing 50 per cent or more of cotton or of artificial silk or of cotton and artificial silk combined;

(b) "yard," in relation to regulated textiles, means a length of thirty-six inches and a width not exceeding thirty inches and any width exceeding thirty inches shall increase the length of regulated textiles in proportion as such width exceeds thirty inches.

Given under my hand and the Broad Seal of this Island at Kingston this 12th day of November, One Thousand Nine Hundred and Thirty-five, in the Twenty-sixth year of the Reign of His Majesty King George V, Annoque Domini.

By command,

(Sgd.) C. C. WOOLLEY,
Colonial Secretary.

2. FORESTRY.

In December, 1927, the Afforestation Law 1927, (Law 33 of 1927), was passed and on the 3rd July, 1928, the Acting Governor in Privy Council under the power conferred on him by Section 3 (a) of this Law, made an order declaring certain Government Lands aggregating about 30,310 acres to be a Forest Reserve. On the 1st March, 1929, an Assistant Conservator of Forests, attached to the Lands Department, was appointed.

During the year the Forest Officer was principally employed in establishing and patrolling 32,500 odd acres of lands declared as Forest Reserves, as well as approximately 40,000 acres of Crown Lands which, in consequence of the recommendations made by Mr. A. Wimbush, Chief Conservator of Forests, Madras, India, have been added to the Reserves, but not yet declared by Law.

The cutting of lumber is done, but not as an organised industry and the possibilities of development in this direction is being investigated.

It is hoped that within the next year the recommendations of Mr. Wimbush will be carried into effect as provision has been made in the Estimates, 1937-38, for the establishment of a Forestry Department and increased Forest Services.

NOTE—On the first occasion of filling up these forms, a plan of each floor of the Hospital should be sent home. Each such plan should be size of the Blue Book Sheet. In subsequent years, if there has been no material alteration in the buildings or addition to them, it will be sufficient to refer to the Blue Book in which the plans were sent home.
If the buildings are afterwards altered or enlarged, fresh plans should be sent home with the Blue Book of the year in which the alterations were effected.

QUESTION II., *continued.*

What is the quality of the water?

(II.) Detail the arrangements as to baths and lavatories?

Good as a rule, but subject to occasional contamination, chiefly during the rainy seasons. In some cases, as at Buff Bay, Annotto Bay, Spanish Town, Falmouth, Linstead and Port Antonio, it is boiled before being drunk; in other cases it is filtered as required through Pasteur-Chamberland or Berkefeld Filters.

1 Kingston Public Hospital. There are four enamelled iron baths on the male side and six on the female side, also one to the children's Ward, all supplied with water by pipe. The baths discharge into a main drain through trapped pipes connected with each bath. The two Rieti Wards each have three fixed fire clay lavatory basins supplied with water by means of pipes and taps. They discharge into sewerage system by trapped drains, Edwina Ward has 4 and the male Lock Ward has two such basins and two shower baths. In the new wards, Hunt and Ross, there are 4 enamelled iron baths and 6 shower baths.

2 Jubilee Maternity Hospital. In the main building there are 12 enamelled baths, 53 wash hand basins and sinks.

In the out-buildings there are ten basins and sinks.

In the Ante Natal Clinic there are four hand basins.

These are all connected by trap drains with Kingston Sewerage system.

3 Morant Bay. Two shower baths. Cross ventilated passage. Flooring of concrete.

4 Hordley. Enamelled baths attached to male and female Wards.

5 Port Antonio. There are two bathrooms one for each class of patient; they are each furnished with shower baths and have concrete flooring. There is also a bathroom for private patients. There are wash hand basins in connection with A, B, C, D, and E Wards.

6 Buff Bay. Each Ward is provided with an enamelled bath. Alms House wards provided with two concrete baths.

Dispenser and Matron each supplied with an enamelled bath

7 Annotto Bay. There is a bath-room with an enamelled bath and movable wash basins, for convalescent patients. One bath recently attached to Female Ward. No baths attached to Male wards and no baths provided for staff. Shower baths are used. Sea-bathing sometimes indulged in.

8 Port Maria. There are 7 enamelled baths, one enamelled bath and a shower to each ward. One enamelled bath for Dispenser, one for Matron and 2 for Nurses. There are three lavatories.

9 St. Ann's Bay. Shower baths in Wards. Enamel baths in private Wards and quarters. Lavatory basins adjoining shower baths.

10 Cave Valley. Enamelled wash basins are used in the Wards. There is also a bath-room with concrete flooring and tin hip bath-pans are used.

11 Falmouth. Water is pumped from a small tank by force-pump to lavatories.

The baths and lavatories are situated at the western end of the Hospital. There are 2 porcelain baths: one for males, the other for females. There is also a bath for the staff. Floors of the bath-rooms are covered with zinc sheeting.

QUESTION II., *continued.*

(II.) Detail the arrangements as to baths and lavatories?

12 Ulster Spring. Ten oval galvanized bath-pans and two hip baths.

13 Montego Bay. Each Ward has its own sanitary block and bath-room attached. These are connected to the general sewer which empties into a septic pit.

14 Lucea. Wards are not provided with lavatories. An enamelled bath is installed for use of patients. A room is provided for washing and storing utensils for slops.

15 Savanna-la-Mar. There is a bath-room with enamelled bath, shower and a lavatory basin to each of the 3 public wards. There are also bath-rooms, one outside the lower male ward, one at either end of the Private Ward, one in the Nurses Quarters and one in the Dispenser's Quarters. All have lavatory basins except the one in the Dispenser's Quarters.

16 Black River. Terrace, hip and sea baths. Lavatories only in connection with new buildings.

17 Mandeville. One in No. 1 Male Ward, one in Female Ward, one in U. B. Ward (with shower attached), three for staff and one for private patients, each containing an enamelled iron bath with water laid on. There are also 2 hip baths.

18 Chapelton. There is an iron bath to each bath-room, Male and Female Wards, Matron, Dispenser and Nurses Quarters.

19 Lionel Town. 2 enamelled baths and one concrete bath. No Lavatories.

20 Spanish Town. Four enamelled baths (one used by Matron) and three shower baths.

(II.) Detail the arrangements as to baths and lavatories?

21 Linstead. One enamelled bath upstairs, one in Private Ward and one with shower to the Female Ward.

22 Leper Asylum—

7 baths, 1 lavatory male side.

1 " 1 " " Hospital.

2 " 1 " female side.

1 " 1 " " Hospital.

Shower in each bath.

(III.) What is the system of sewerage and what the condition of the privies?

1 Public Hospital, Kingston. Water carriage system by trapped and ventilated drains connected with the Kingston Sewerage System attached to or close to the Wards. Privies in good order.

2 Maternity Hospital, Kingston. Water carriage system by trapped and ventilated drains throughout attached to the Wards, others for the staff. Satisfactory.

3 Morant Bay. Water closets throughout the Institution. Condition good.

4 Hordley. Bucket system with concrete floors and seats, attached to the Wards but separated in two Male Wards by cross-ventilated passages. Conditions—fair.

5 Port Antonio. Water carriage system. Condition of privies is fairly satisfactory.

QUESTION II., *continued.*

(III) What is the system of sewerage and what is the condition of the privies?

- 6 Buff Bay. Dry earth bucket system emptied nightly in the sea. Privies in good condition.
- 7 Annotto Bay. The bucket system is in use for the staff and patients. Buckets are in fly-proof receptacle and are emptied regularly by Municipal Authorities. Very unsatisfactory.
- 8 Port Maria. Sewerage system to each Ward, carried through pipes and discharged in large absorption pit. To this is connected the system for nurses. Separate absorption pits connect water closets from Dispenser's, M.O's. and Matron's quarters. An extra water closet installed for Nurses. Privies in good condition.
- 9 St. Ann's Bay. Water carriage system. Privies in good condition.
- 10 Cave Valley. Pit closets and urinal. In good condition.
- 11 Falmouth. The sewerage system is used in the wards and Dispenser's Quarters. The remainder of the staff have Pit Latrines for use. Latrines are fly-proof and clean.
- 12 Ulster Spring. Privies in good condition. Septic tank system, with absorption pit.
- 13 Montego Bay. Each ward has its own sanitary block connected to a general sewer which empties into septic pit.
- 14 Lucea. Sewerage System installed for Male and Female patients, also for Nurses. Bucket System still continues for Matron and Dispenser.
- 15 Savanna-la-Mar. All buildings except Matron's Quarters and Out-patients Department provided with water carriage system and absorption pits. Public Wards also provided with emergency bucket and dry earth system owing to occasional unsatisfactory operation of absorption pits due to high ground water level.
- 16 Black River. Complete sewerage system in connection with all buildings.
- 17 Mandeville. There are 11 latrines on the water carriage system—all in working condition.
- 18 Chapelton. The privies for the Male Ward have been enlarged. All the privies are in good condition. The dry earth system used throughout and the floors are concreted.
- 19 Lionel Town. Pit system. Water carriage system for Dispenser's Quarters.
- 20 Spanish Town. A water carriage system is now in use, the sewage being run on to the Prison Farm.
- 21 Linstead. The female and private wards are provided with sewerage system but the old male wards still have the dry earth system. Privies in good condition.
- 22 Leper Asylum. The surface water as well as that from the baths, lavatories, urinals, kitchen and wash house, is carried off by open surface drains which discharge their contents into an open drain which empties into a gully near by. The bucket and dry earth system has been in operation for years. Contents cleaned each night and buried in pits in Lepers' Home Farm.

(I.) In reference to the above Table state whether or not the Register Books were produced on every occasion; and if not, on how many occasions they were not so produced?

(II.) And if on any occasion when they were examined they were found not to be properly made up to date of examination?

(III.) State also how many Reports of the following kinds have come under the notice of the Governor:—

- (a) Reports of a Financial and Statistical kind, especially such as show the system on which Money and Store Account are kept and audited.
- (b) Reports by persons charged with the immediate management of the Hospital.
- (c) Reports by a Government Inspector, independent of the Government authority of the Hospital.

Some books are produced daily while others are produced weekly or monthly or at stated times, as the case may be. In the Public General Hospitals all books are presented on visits of inspection unless the visits are simply made for some definite purpose, such as an enquiry.

They were usually correctly written up to date of examination and inspection.

YEAR 1936.

METEOROLOGICAL RESULTS.

CITY OF KINGSTON.

The mean barometric pressure for the 12 months was for the 7 a.m. 29.920 ins., and for the 3 p.m. 29.872 ins. By applying the corrections for the diurnal variation, for these respective hours, an annual mean of 29.907 ins. is derived—which is 0.025 inch below that of the 33-year normal. The months of April and October were slightly above normal, the remainder of the months (10) were markedly below. The month of May shewed as much as 0.058 inch below its normal of 29.910 ins. There was a phenomenal rainfall over the Island at this time. The month of February shewed the highest mean of 29.957 ins. for the year, and the month of October the lowest mean of 29.876. The mean pressure for February was therefore 0.081 inch above that of October, being the mean range.

The mean annual temperature, based upon four observations each day, (or 1,464 thermometer readings during the year,) was 78.8 degs. which is only 0.1 deg. above that of the 33-year normal of 78.7 degs. The highest maximum temperature was 92.3 degs. on July 4th and the lowest minimum was 65.3 degs. on December 13th. The monthly greatest extreme range was 24.5 degs. in March and the least range was 20.1 degs. in June. The mean monthly extreme range for the year was 22.5 degs. which is 1.2 deg. lower than the 33-year results.

The anemometer records for the year 1936 show a mean daily total miles of 181 which is 2 miles less than the 25-year average of 183. The months of January, February, April, July, October and November recorded winds above the normal. The remaining six months shewed below the normals. The greatest daily mean of 244 miles occurred in July, and the least mean of 130 occurred in December.

The mean relative humidity for the 7 a.m. observations was 83% which shews 1% above the 33-year average of 82% and the 3 p.m. observations give 67% which is 2% below the normal of 69%.

The total rainfall for the year as registered at the Public Works Building, Port Royal Street, Kingston, was 36.34 ins., the 60-year normal being 31.57 inches. June recorded the greatest with 13.80 inches and March, the least, with 0.20 inch.

The total number of rainy days was 79 which corresponds to the 60-year average. The greatest number of rainy days in one month was 18, in June, and the least was 3 in March and April.

The amount of cloudiness for the year was 52% as against the 33-year normal of 53%. This includes both 7 a.m. and 3 p.m.

SUMMARY OF EXTREMES FOR THE YEAR.

In each monthly Weather Report there appear figures giving the extreme values of certain observations, deduced, which are reproduced on page 18.

During the year 1936, February 23rd gave the highest barometer reading of 30.055 inches, and November 4th read the lowest, with 29.763 inches. The maximum temperature rose to 90 degs and above in the month of July on 13 days, and kept below 90 degs. in January, February and December. Then the minimum temperature was below 70 degs. for 24 days each in January, February and December, and kept above 70 degs. throughout the months of June and July, and taking the whole year the maximum temperature was 90 degs. and over on 36 days and the minimum was below 70 degs. on 106 days in the early mornings. The maximum number of miles of wind registered in 24 hours was 407 on 4th February, and the minimum was 87 miles on 23rd December. The greatest rate of hourly velocity during a short interval of time, was 48 miles per hour on 17th July during a S.E. gale, accompanied by a rainsquall. May the 29th had a S.E. high wind of 22 m.p.h., being the lowest in the Table.

The lowest monthly 7a.m. mean relative humidity was 78% in April and July, and the lowest mean 3 p.m. was 60% in February. Then for individual days the extreme lowest for 7 a.m. was 63% on 16th July and the extreme lowest 3 p.m. was 42% on 23rd February, also on 7th January.

During the year the greatest rainfall in 24 hours occurred on 12th June with 4.40 inches, followed by 28th May with 3.60 inches.

NEGRIL POINT LIGHT HOUSE.

The extreme maximum temperature recorded was 92.5° on the 22nd July, and the extreme minimum was 64.0° on the 14th of December. The greatest range of temperature was 25.3° in the month of December and the least range was 18.1° in the month of June. The greatest monthly rainfall was 7.92 inches in May; the average for 35 years being 6.25 inches, shewing 1.67 inch in excess of the normal, and the least was 1.09 inch in February as against the 35-year average of 1.86 inch. The total number of rainy days was 136 for the twelve months. November had 18 rainy days, followed by June with 17. February had only 2 rainy days. The year's total rainfall was 55.21 inches, as against the 35-year average of 54.09 ins.

The daily average wind record for the year was 137 miles. The highest daily average was 181 miles in June, and the lowest was 109 miles in September.

The observations were conducted by Mr. J. S. Brownhill, J.P., the Superintendent of the Light House.

MORANT POINT LIGHT HOUSE.

The extreme maximum temperature was 90.7° on the 23rd of August, and the extreme minimum was 63.4° on the 12th of February. The extreme range for the year was, therefore 27.3°. The greatest monthly range was 22.5 in March, and the least was 14.5° in July. The greatest monthly rainfall was 14.74 inches in June, and the least was 0.75 inch in February. There were 192 rainy days for the year. June had the greatest with 28 days and the month of March had the least with 8 rainy days. The total rainfall for the year was 66.33 inches the mean for 60 years being 66.67 inches, or practically the same amount. The months of April, June, August and October gauged totals in excess of their 60-year normals. The remainder of the months were deficient. Then, for the twelve months, there being 192 rainy days, there was an average of 0.35 of an inch per rainy day. The mean daily total miles of wind was 258. July recorded the greatest with 342 miles, and September the least with 213.

The observations were conducted by Mr. Chas. Durrant, the Superintendent of the Light House.

*Oversea Mail Services.***I.—By SEA.**

GREAT BRITAIN—Letter mail to and from Great Britain and Europe is conveyed by steamers of Elders and Fyffes, Jamaica Banana Producers' Association, Ltd., and Standard Fruit and Steamship Co., (via Liverpool, Bristol, Garston or Plymouth), and also via New York. Parcel Post mail is conveyed only by the direct steamers. Normally, three letter mails are received from and dispatched to Great Britain weekly.

UNITED STATES OF AMERICA—Mails (both letter and parcel) to and from the United States of America are conveyed by the steamers of the United Fruit Co. and Colombian Line. Normally, two mails are dispatched to and three received from New York weekly.

CANADA—Letter mail to and from the Dominion of Canada is sent and received by each U.S. mail. Parcel post mail is, however, conveyed only in direct bottom by the steamers of the Canadian National Steamships trading between Montreal and Halifax and Jamaica once every week, the Pickford and Black Line trading between Halifax, N.S. and Jamaica, and United Fruit Company trading between St. John and Jamaica.

CENTRAL AMERICA—Mail communication with these countries (*except East Coast of Nicaragua and Venezuela*) is maintained by the steamers of the United Fruit Co., Colombian Line, and Canadian National Steamships, via Cristobal, Barranquilla, Limon, Belize, Barrios, etc.

WEST INDIA ISLANDS AND BRITISH GUIANA—Letter mail to and from the West India Islands is exchanged by way of Trinidad and Barbados (fortnightly by Aluminum Line steamers) and also by way of Cristobal. Parcel-post mail is exchanged by the Aluminum Line steamers. The Colombian Line maintains a weekly service with Haiti.

The Canadian National Steamships maintain a direct service between Jamaica, Bermuda, and the Bahamas.

CAYMAN ISLANDS—A twice-a-month service is maintained by R.M.S. "Cimboco" and an irregular service by schooners.

TURKS ISLANDS—A monthly mail service is maintained by the M.S. "Mayflower." Letter mail is also exchanged via New York.

CUBA—Mails are conveyed weekly by United Fruit Co's. Steamers via Cristobal and Habana. There is no direct parcel-post exchange with Cuba.

II.—By AIR.**PAN AMERICAN AIRWAYS.**

SOUTHBOUND—A mail-carrying air plane flies from Miami, U.S.A., (via Havana, Cuba) every Tuesday and Saturday at 8.00 a.m., arrives at Kingston on the same days at 1.45 p.m., and flies to Barranquilla, Col. on same days at 2.15 p.m., arriving at 5.43. p.m.

NORTHBOUND—A plane flies from Barranquilla every Sunday and Wednesday at 7.00 a.m., arrives at Kingston on the same days at 10.00 a.m., and flies to Miami (via Havana) on same days at 10.45 a.m., arriving at 4.52 p.m.

EAST AND WESTBOUND—A plane flies from Kingston every Thursday at 8.15 a.m. for Port-au-Prince, Haiti, arriving at 1.44 p.m. on same day. Return plane flies from Port-au-Prince at noon on Tuesday and arrives at Kingston at 4.50 p.m. on same day.

A Schedule will be found in the Post Office Guide showing the routes and times of arrival of air mails for the principal cities of United States, Canada, Mexico, Central America, South America, and the West Indies; also the air mail routes of the London-to-Continent services and (beyond) which are now in operation.

AIR MAIL FOR EUROPE AND AFRICA:—Letters are forwarded by air to New York City to connect with the trans-Atlantic steamers, affording an 8 to 12-day service to Great Britain and the Continent, depending upon the speed of the vessels by which forwarded and the timeliness of the connection in New York.

AIR MAIL FOR AUSTRALIA, ETC.:—Letters for Australia, China, Japan, etc., are forwarded by air to U.S. Pacific exchange post office for transmission by steamer to destination; and for Australia by way also of the "England-India-Australia" Air Mail Service leaving London every Wednesday and Saturday. Letters for China and Hong Kong and the Philippine Islands are also forwarded by the San Francisco-Manila-Hong Kong direct air route.
